

m125
Handheld

Expandable, Connectable.

A great place to start.

The Palm™ m125 handheld is a great place to start. In no time, you'll be adding thousands of addresses, updating your Date Book and managing your To Do List. When you're ready, you can use the Secure Digital/MultiMediaCard expansion card slot and Palm Universal Connector to extend your handheld to fit your lifestyle. Expansion cards let you carry your favorite games, images, and applications with you. And with Palm's 16MB Expansion Card (sold separately), you get additional storage and the ability to back up your important information without connecting to a computer. With the installation of the included software, your Palm handheld allows you to access the Internet, browse the Web, communicate with friends, and get the information that you want/need. All you need is a modem or compatible data-enabled mobile phone and an ISP

account. (Some email and Internet access software included with handheld. Internet account required.)

Choose from a variety of faceplates (sold separately)

Infrared

"Beam" files and applications—even your business card—to other IR-enabled Palm OS® handheld users.

Secure Digital/ MultiMediaCard Expansion Card Slot

Add additional storage, back-up, applications, and content... up to 64MB!

Date Book

Keep track of your important appointments, notes, and deadlines.

Address Book

Store and instantly retrieve thousands of names, numbers, postal and email addresses.

Find

Locate anything on your handheld instantly. Just enter a name or word in the Find area, and the information appears.

Note Pad

Got a thought? Jot it down with your handwriting directly on the screen.

To Do List

If it needs to get done, list it here. Sort your lists by category, priority or due date, then check off items as you complete them.

Easy ways to enter data

The Palm™ m125 handheld is so flexible, it lets you decide how you want to input your data.

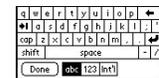

Note Pad

Write virtual "sticky notes" directly on the screen for quick reminders.

Graffiti® Software

Award-winning Graffiti power writing software is simple—use your stylus to input easy-to-learn characters.

On-Screen Keyboard

Tap with your stylus to bring up the on-screen keyboard. Then simply tap the characters you want to enter.

PC Keyboard

Input data on your PC keyboard, then just touch the button on the HotSync® cradle, and it's transferred instantly to your Palm m125 handheld.

Infrared Transfer

Accept and transmit information from any other IR-enabled Palm OS® handheld.

Easy Email and Internet Access

With a modem or compatible data-enabled mobile phone. (Product for email and Internet access sold separately. Internet account required.)

HotSync® Cradle

Backup and exchange information between your handheld and PC with a touch of a button using the convenient HotSync cradle included.
