TALK TO IT AND KEEP YOURSELF ORGANIZED

• QUICK & EASY DIGITAL RECORDING

Don't risk misplacing lists and written notes, capture your thoughts anytime, anyplace. Powerful and reliable CD-like control lets you rapidly record, locate and playback your memos.

• FILE INTO VOICE FOLDERS

File your notes, reminders and memos into customizable folders. Separate them by business, personal, ideas, or however you choose.

• DICTATION

Dictate and edit your notes. Like a word processor, selectively erase or insert words.

• LOCATE NOTES INSTANTLY

Search feature lets you quickly locate your notes. No need to tediously rewind and fast forward. Scan feature plays back first 3 seconds of each memo to quickly locate the one you want.

• SIMPLIFY YOUR LIFE

Store hundreds of recorded reports, meeting action items, shopping lists, directions, reports and important things to do. Keep it all organized in one place and go back to it when you need it.

STAND ALONE RECORDER

• UNPLUG IT AND USE IT

Detach the Total Recall™ from Visor™ and record messages using the 4 key operation keys: (record, play, skip next, skip previous and erase). Later, plug it back into Visor™ and view those messages nicely displayed in the Visor.
